

High power laser bird repeller torch

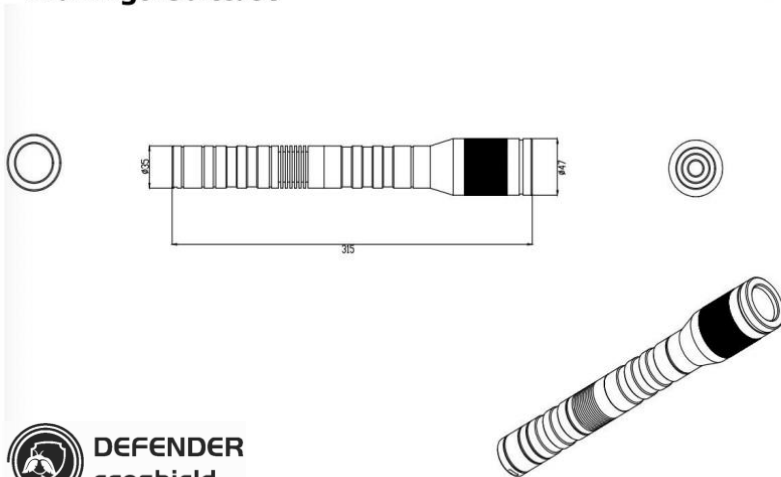

LASER CLASS 4
DEF-ECOLS01

- *2km laser range
- *Adjustable beam size
- *Suitcase package

Parameter

Stroboscopic effect	YES
Wavelength (nm)	525nm
Output power (W)	1.5W
Laser beam	30mm, Green
Working range	2km
Adjust beam size	Yes
Battery	26650 mA*1
Working Time	1.5 -2 hours
Rechargeable	Yes
Switch mode	Button
N.W	0.9kg

Laser bird repeller torch

LASER CLASS 3B
DEF-ECOLS02

- *1km laser range, effective in 100m
- *Adjustable beam size
- *Suitcase package

Parameter

Laser wavelength	520nm
Power at aperture	Strong light level 240~300mw /medium light level120~140mw /low light level45~65mw
Light spot at aperture	Φ17mm (can be adjusted manually)
Function	Button: Strong light-medium light-low light-burst flash-SOS
Laser class	Class III B
Battery	18650/26650 lithium battery (3.7V/500~700mA)
Charging Time	10 Hours
Accessories	Charger, lithium battery, 18650 battery plastic case
Net Weight (including battery)	0.52KG
Laser wavelength	520nm
Dimensions	242mm*45mm*33mm / surface black sandblasted oxidation
Lifetime	10000Hours
Package Dimensions	Flight Case/300*180*100
